If you hear anyone say Tropico is not the real thing, get a fly flap and swat him on the nose.

The Tropico Inter-urban Sentinel

Tropico and The Tropico Sentinel make a fine pair to draw to.

A better country than the San Fernando Valley to live in may have been made, but has not yet been discovered.

GOOD FOR VISOR NO. 293

Enthusiasm and Loyalty Has Made Tropico

ANHONOREDCENTER

In Pythian Circles---The Lodge One of the Leading Lodges of California---Good Fellows and True

Two years ago a few men interested in Pythianism and Tropica began to agitate the question of organizing a K. of P. Lodge in Tropico. A great many doubted whether the enthusiastic few would be successful in their efforts; but on July 8, 1911, **Visor Lodge No. 293** sprang into existence, with a roll of fifty-two members from the very best citizens of our little city. And in less than two years there is a membership of 123, and applications coming in at every meeting. In fact, when a newcomer arrives in Tropico he soon inquires how long it will be before he can join Visor Lodge!

The meetings held every Monday evening in their Castle Hall in the Gabaig Block, are always well attended, not only by the Tropico Knights but by visiting

T. L. GILLESPIE, C. C.

Brother Knights from the surrounding towns; as they all know either by past experience or hearsay that there is always "a good time" to be enjoyed at Visor No. 293.

The Castle Hall is an extremely well appointed one, having besides the fine dressing rooms and lockers a commodious dining room with handy kitchenette.

The Knights are justly proud of their hall, and have put $1000 worth of fixtures into it.

Gen. J. O. Royer, a well known and enthusiastic Knight of Los Angeles, recently offered an elegant and beautiful prize, "The Royer Banner," to the lodge that could put on the best Knight Rank. Aetna Lodge of Pomona was the successful one.

Eight lodges in Los Angeles County entered the contest, which closed last Wednesday night at Manitou Lodge, East Los Angeles. Four hundred Knights were present that evening, including sixty from Visor that went over in autos. Aetna Lodge of Pomona proudly carried home the banner. But Visor Lodge won the enviable position of being a mighty close second—only two points below the winning team!

H. L. McADAMS, M. of W.

The Visor bunch feel much elated, as Aetna is one of the oldest lodges in the county.

The affair closed with a big banquet presided over by Hon. Robt G. Laucks.

W. C. Wattles and F. H. Davis were given places of honor at the speakers' table.

Visor Lodge has always had a fine set of officers. Last year it was presided over by P. C. B. F. Cook, who made an excellent presiding officer. This year the office is filled by an energetic and enthusiastic young Pythian—probably the youngest in this section—Thomas L. Gillespie. He was first made a Knight at the installation of Visor Lodge and rapidly worked his way to the top. He is getting a reputation all over Los Angeles County as being an excellent Chancellor Commander. Tom is the idol of the Visor boys.

Harry L. McAdams is another young Knight and now occupies the important position of Master of Work, and in this position has won laurels and stands out as the leading one in Southern California.

Frank H. Davis has been a Knight for seventeen years and was one of the leaders in organizing the Tropico Lodge and has held the position of K. of R. and S. for some time. The present officers are:

T. L. Gillespie, C. C.
H. G. Van Meter, V. C.
Wayne Frank, P.
H. L. McAdams, M. of W.
F. H. Davis, K. of R. and S.
C. C. Hapgood, M. of F.
Guy Maxwell, M. of E.
Ralph Robinson, M. of A.
C. L. Jennings, I. G.
E. E. Nicholson, O. G.

The business of the lodge is conducted by a Board of Trustees. The present capable Board is A. M. Watson, Geo. Howe and Leigh Bancroft.

Always there are new and interesting features being planned. At present they are discussing the subject of a K. of P. brass band, as there is plenty of musical talent to draw from. Also the possibility of building their own Castle Hall at some future time.

The Grand Lodge meets next week in San Diego and the delegates to be sent are Frank H. Davis and Geo. Dodson.

Lahalla Temple.

The Pythian Sisters also have a prosperous Temple. Organized a little over a year ago they already have quite a membership and are rapidly increasing. The Degree Team under the management of W. J. Hibberts have won honors for their fine work. Mrs. Myra K. Shuey was elected as delegate and Mrs. L. C. Rice as alternate to the Grand Lodge at San Diego next week. Of course it goes without saying that the Sisters are a great help to Visor Lodge.

Parent-Teachers' Association

Tropico Parent Teachers Association held its last meetmg for this year on the first Friday in May. There was a goodly number of friends and members present. Officers for the coming year were elected. Mrs. Hartley Shaw president, Mrs. W. H. Berteaux first vice-president, Mrs. Glenn Roberts second vice-president, Mrs. Chas. Goff recording secretary, Miss May Cornwell treasurer.

Miss Ruby Dale, music teacher of our own school, assisted by Mrs. Ingram, gave a very able explanation and demonstration of the Montrissor system of teaching, that being one of the questions before the reading public today, and a very interesting subject, and as Mrs. Ingram has a private school in Los Angeles, where she uses this method to some extent, she gave us a very lucid understanding as to its practicability. The eighth grade mothers were hostesses, that day.

On May 7 the Parent Teachers' Association of Eagle Rock held their first reciprocity day at the home of Mrs. C. W. Young, where all of the schools of the Valley were represented. At 1 p. m. a delightful luncheon was served to the guests assembled under the trees, after which each association gave an outline of the work which they had accomplished in the past year. There was evidence of much good work done by each association. Thus the exchange gave each of us something advantageous to take home with us to help in our work for the coming year. Mrs. Miller of Eagle Rock gave a delightful monologue. Mrs. Dr. Miller of Los Angeles gave the address of the afternoon. Then good-byes were said while expressions of pleasure were heard on every side.

After all, it is the joy that we manifest which makes us all a kin.

The Glendale Parent Teachers' Association will hold their reciprocity day at La Ramada, Wednesday, the 14th.

WORTHY TO SEND AWAY.

Editor Sentinel:

We were much surprised to receive the three dollars and did not expect it at all, as no one else contributed to "Why I Like Tropico." However, we feel very grateful and appreciate your kindness. We think the Sentinel much improved and think it worthy to send off to a friend if we wish to.

Mrs. Hannah S. Webster.

It has been suggested that it might be a good idea to organize a band in Tropico.

COME AGAIN SAWTELLE

Sawtelle Live Wires, 258 Strong, Boost Sawtelle

WELCOMED BY ALL

Eat Strawberries, Smoke Cigars and Drink Lemonade and Hurrah for Tropico---A Fine Bunch for Any Town

The Sawtelle Boosters, 258 strong, headed by the Mayor of Sawtelle and Editor Yeorger and the 25-piece municipal band, visited Tropico Tuesday morning. They were a jolly bunch and every man, woman and child in the party was a "real booster" for Sawtelle.

The automobiles were decorated with pennants, ribbons, banners, and flags and all loaded with advertising matter telling about the many advantages of Sawtelle.

The people of Tropico, true to their reputation of being the "best people on earth," met the visitors upon their arrival and welcomed them to the city. Big jars of lemonade and grape juice made and presided over by some of Tropico's big hearted, sensible women; several boxes of the Tropico Pharmacy's best perfectos, and hundreds of fresh and lucious strawberries were at the disposal of the visitors. J. Herbert Smith had searched the city for choice berries and they were truly beauties. In each box a neat card printed by The Valley Press bore this inscription: "In Tropico we pick these fresh from our back yards every morning. Come and see us again."

The City Trustees, headed by Mayor Bancroft; Mr. and Mrs. Frank B. McKenney; Mr. and Mrs. J. Herbert Smith; Mrs. Earl Clemens, B. T. Greenwell and a whole delegation from Gardena avenue; John Logan, Dwight Griswald—O pshaw! there is no use trying to name those present. Every one in Tropico who could possibly do so was present to receive and welcome the visitors, and did everything they could to make the Sawtelle Boosters know that Tropico was glad they came. The only regret was the short time the visitors could stay. May they come again and stay longer is the wish of all of Tropico.

TROPICO CTLEBRITIES.

It has been said that Tropico has many celebrated and notorious men. There is Leigh Bancroft, who is noted as being able to tell a prospective home buyer more good things about Tropico in ten minutes than any other man living. Then there is Irving H. Oliver, celebrated as the owner of the best Airedale "purp" on the Pacific Coast. There is John Hobbs, celebrated for his exquisite Van Dyke, which causes envy and covetousness in the eyes of his less fortunate brothers. Then there is S. M. Street, who is seriously considering making application to President Wilson for the position of chef in chief at the White House. There is Frederick Baker, noted for his discriminating taste in literature. And then there is Dr. A. O. Conrad, Medical Superintendent of the Dr. Conrad's Office Sanitarium in Los Angeles. Dr. Conrad not only fills a place in shaping the destinies of one of California's fairest cities, Tropico the Beautiful,—but presides over the destinies of a small "Doctor Shop" that occupies just about all of one floor in one of Los Angeles' skyscrapers.

Dr. Conrad has installed all the latest and improved appliances and apparatuses for the modern treatment of ailing humanity. To give a correct description of all these appliances it would be nessessary for a man to take a five year course in a good medical college and be a mechanical expert, as well.

Dr. Conrad spent several years in studying about such apparatus, and how to use them, before graduating from one of the leading electric colleges in the United States, and taking a post graduate course in the Southern California Medical University, and, of course, he talks about these things just as smoothly and pronounces the unpronouncable names just as glibly as a baseball fan talks about his "flies" and his "fouls."

One will find in this establishment a couple of static machines, which soothes and quiets one's jangling nerves, and the doctor says they will prove very beneficial in many ailments. Then one will find a spraying apparatus for the treatment of throat and nose troubles, and which sprays by compressed air, and nebulizes and vaporizes just as the doctor prefers and prescribes. The doctor says he delights in relieving a patient of troublesome aenoids and inflamed tonsils.

Then there is the high-frequency generators for the treatment of all nutritional and nervous diseases, and the Finsen light for lupus, epthelioma, rodent ulcer, and kindred diseases.

In the Thermo-Electrical department the doctor has hot-air and electric light machines capable of generating from 250 to 500 degrees Farenheit, and he says that he does not hesitate to use these machines whenever, in his judgment, it is necessary.

After looking at one of them, and speculating on the amount of heat necessary to raise a Farenheit thermometor to 500 degrees, I came to the conclusion that every editor should have one of these. Not for his own use, of course, but for the use of those deluded mortals who think an editor's life a serial story joy.

The doctor has an eighteen inch coil, Scheidel Western X Ray machine, that snaps out a blue and purple flame, and jumps around from place to place at the doctor's wish, and makes one thing the doctor has conquered all awe and fear of this force which appears so mysterious to laymen.

The Surgical department contains aseptic operating tables, irrigation apparatuses, sterilizers, and electric surgical appliances, plaster cast and orthopedic appliances for the treatment of deformaties in children.

Dr. Conrad is very modest, and is disinclined to talk to newspaper men, and he probably would have Fred Baker issue an injunction to prevent this paper from being circulated if he knew this article would appear in same, but I have a righteous grievance against him. He had the temerety to inveighle me onto one of his old appliances, and then by switching on some kind of a current, caused every hair on my head to stand up on end, and crackle and snap and sizzle, and to make little tickling darts run up and down my spinal column, and then when I indignantly protested as to such treatment, both he and his efficient assistant, Miss Emeline Oiler, gleefully laughed at me. I do not know as much about such apparatuses and appliances as the doctor does, but they certainly look as though they would cure any ailment, and he had enough of them apparently to suit every kind of case from taking the tangent out of Ed Lynch's tripod to the arresting of Jim Fishback's atrophied antropaideal proturberances.

If you will visit the doctor's establishment, and are fortunate enough to catch him with a few idle minutes, and can persuade him to show you through the different departments, you will come out thoroughly convinced that Dr. Conrad has just claim to be recognized as one of Tropico's celebrities.

CHINA SHOWER.

A china shower was given by Mrs. Richard S. Todd, 344 N. Glendale avenue, Tropico, Wednesday, May 7th, in honor of her neice, Miss Mable Evans-Hough, who is to become the bride of Mr. F. Glen Craig of Burbank early in June. The afternoon was spent in social chats and story telling by Mrs. Frank E. Peters and Miss Maude Anderson. Miss Katherine Hobbs and Miss Loulle Moore gave several piano selections which were well rendered, after which dainty refreshments were served, followed by the presentation of a chest filled with many beautiful pieces of china. Those invited to attend were, Miss Mabel Evans Hough, guest of honor, Mrs. O. M. Comell, of Walnut, Cal., Mrs. F. E. Craig, of Burbank, Mrs. M. E. Council, Miss Maude Anderson, Mrs. T. T. Todd, Mrs. W. F. Council, Mrs. Herman Freisika, Mrs. Reuben Sayus, Mrs. Edith Given, Mrs. M. C. Dutcher and Mrs. Byerly, of Los Angeles, Mrs. W. A. Hough, Mrs. John Hobbs, Mrs. A. Gaarter, Mrs. Jack Hammond, Mrs. Frank E. Peters, Mrs. Will Peterson, Misses Mary Jane Evans Hough, Katherine Hobbs, Stella Miller, Dorothy Hobbs, Louella Moore, and Mabel Todd.

The vote at the Glendale school bond election Wednesday, May 7, was very light, the total vote being only 619. There were 449 votes for the bond issue and 170 votes against.

THE TRUSTEE'S MEETING

Light and Power Company Submits Report

HEALTH OFFICFR

Appears Before Board and Asks for Instructions---New Ordinance Regulating Sale of Milk to be Prepared

The Trustees met in regular session Thursday evening. All trustees being present. After reading of the minutes of the preceding meeting the following report from the Pacific Electric & Power Corporation was submitted:

Total			$16,268.62

Resolution No. 34 of Award for the grading of Boynton street to the John R. Ott Construction Co., was passed and ordered printed. The price bid by this company was as follows: Grading, per linear foot, 15c. Oiling and tamping, per square foot, 2½c. Curb, per linear foot, 25c. Sidewalks, per square foot, 8¼c.

Dr. Mabry, Health Officer, appeared before the Board and asked for an interpretation of his authority, and as to the wishes of the Board in reference to several sanitary matters. Dr. Mabry said that he was exercising his best judgment in reference to open vaults, and that it was his desire to eliminate the open vaults as fast as possible, but did not wish to work a hardship on any individual, and that where he had permitted the open vaults to be used, he was insisting that they be kept in a sanitary condition.

Dr. Mabry stated that a chicken ranch was being established at the corner of Christopher and Columbus streets, and that facilities for at least four or five hundred chickens were being made, and that the ranch was being established in such manner that it would be impossible to keep it in a sanitary condition, and that the neighbors in that community were complaining; and that the ranch was within five feet of the property line. The information was given by the Board that there was a state law to the effect that no chicken house could be erected within twenty or twenty-five feet of a neighbor's property, without the neighbor's consent, and that such law would apply to this case.

Mr. H. W. Myers appeared before the Board and complained of the refusal of the Water Company to install a meter on his

(Continued on page 4)

THE TROPICO INTER-URBAN SENTINEL

Published Every Wednesday at
419 W. Tropico Ave.,

Tropico ..... California
Sunset Phone Glendale 930. Home Glendale 1767.

HARRY L. EDWARDS.....Editor

"Entered as second-class matter, August 10, 1911, at the postoffice at Tropico, Cal. (Tropico Branch Los Angeles, Cal., Postoffice), under the act of Congress of March 3, 1879."

OFFICIAL PAPER OF THE CITY.

SUBSCRIPTION

One Year.....$1.50

Contributions from readers are always welcome and very much appreciated.

Gee! don't Los Angeles have elections.

How Otis, Hearst and Earl do love each other.

There may be finer places to live than Tropico, but I don't know of them. Do you?

Did you ever try patronizing your local merchants? I have heard it said that such a habit was a good habit to have.

You can't go in any direction in Tropico, north, south, east or west, but what you will see many new homes going up. And for renting a house that is almost out of the question.

Is it not strange how few children are born in Tropico? There has been but one born in the last three months; at least that has been all reported to the Sentinel.

Be friendly. Speak to your acquaintance when you meet him, and the first thing you know he's your friend. Too long have we carried that standoffish look around with us. Durn etiquette. Be friendly.

Germany has a big scandal. It is charged that the big German manufacturers of armament have been paying out big sums of money to keep up the "war scare." There are those who intimate that part of the "war talk" in this country is due to a similar cause.

El Paso newspapers have been refused admittance to the state of Chihuahua by Gen. Rabago, who says the American border periodicals are interesting themselves too much in Mexican affairs and for this reason it is better that they be kept out.

The first application of California's new law for the recall of the judiciary resulted in recalling a San Francisco police judge who was charged with incompetency. The vote was light but the contest spirited. A vote of 30,722 was cast for the recall and 29,907 against.

How would you like to pay a $1.50 water rate this summer? There is talk that the water company expects to ask the trustees for an advance. Wouldn't you feel much safer if the city owned its own water supply and system? Think this over and let us get together on some sensible, practical plan. If you have ideas on this vital question, let us have them.

Huerta is piling up more trouble for himself. It is reported that Huerta has stated that he can no longer treat with Ambassador Wilson unless "his" government is recognized. It would seem that Huerta has a big enough job on his hands to look after the "Constituionalists" without stirring up more trouble, but then it may be is getting tired of his job and wants some one to end the agony.

Did you ever stop to realize that you make your town or community, and that when things go wrong that you are partly to blame? What are you doing to improve conditions? Are you making an effort to better and improve your neighborhood? If you are indifferent and thoughtless about your town and community does not your neighbor have the same privilege? Have you any right to expect more of him than you are willing to do yourself? The great curse of the people is the indifference of the people.

Because President Wilson is decapitating some of the fossilized manikins holding down consular positions a great guttural sound of woe is going up from affected quarters. If there is a civilized country on the globe that has had a more incompetent consular service than has the United States for the past fifteen years, I would be glad for some kind friend to point it out to me. For old, broken-down hacks, addle pated snobs and real onery damphools I will back the American consular service, as it has been run the last ten or fifteen years, against the world. It is true politics should have no particular influence on consular appointments, but let us give President Wilson a chance to make a change and see if he cannot build up a service for which every real American traveling in foreign lands will not have to blush for shame.

Judge Works made a speech in the U. S. Senate last week opposing the Rockefeller Foundation scheme. In the course of his remarks Works said, "We do not want our children taught the ways and means of Rockefeller or touch or profit by his gold, which should blister the hands of the man who accumulated it, by extortion and the crime of oppression, and who now is trying to give it away." Judge Works is right. This way of buying salvation and forgiveness from an outraged public smacks too much of deathbed repentances of scoundrels who, having committed every crime, outraged every law of decency, robbed the fatherless and cheated the widow, seeks to gain heaven by a few hypocritical words. Let John D. show his sincerity by striking at the root of the system that has enabled him to pile up vast hordes of unearned money, and that will be not only a greater and lasting "Foundation" but of far more benefit to mankind.

Reports from Washington indicate that certain Senators wearing the garb of Democrats are planning to hamper and hinder the passage of the tariff bill put forward by the administration. That Republican and Progressive Senators should oppose the bill is to be expected. They represent an element fundamentally opposed to tariff reduction and typify the archaic thought that has ever believed in the divine right of kings to govern, but for Senators elected as Democrats to align themselves with the enemies of the party and to seek to defeat the party pledges—the very pledges on which their party went into power—is an unmistakable proof that they are untrustworthy and dishonest. It is just as dishonest for a man to gain an office by lying or countenancing a lie as it is for him to gain a dollar by means of a lie. People in an ever increasing number are coming to apply this test to their offices and those politicians who fail to recognize this need not be surprised if they are retired. Men possessing different degrees of intelligence, raised under different environments may honestly differ as to what they believe to be for the best interest of the country and the people, but there is no possible excuse for a man to stand for one thing before the election and work for another thing after being elected. The people demonstrated their confidence in Woodrow Wilson by electing him and his conduct since being elected has strengthened this confidence and the Democrats who materially hamper him in carrying out the policy he has promised to pursue will be digging their own political graves. Whether or not the policy on which the Democratic party has been launched will prove successful, time alone can tell, but the people want to give this policy or plan a trial and they will not be thwarted in this desire.

AN INTERESTING LECTURE

A lecture on the subject of "Christian Science" attracted a large crowd to Shrine auditorium yesterday afternoon, Hon. Clarence A. Buskirk, C. S., of St. Louis, Mo., member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., was the speaker and his remarks were clear, logical and forceful. William S. Deyo introduced Mr. Buskirk, who said, in part:

"Mary Baker Eddy, the Founder of the Christian Science movement, was a profound and farseeing thinker, an earnest humanitarian, a close student of the Bible, a noble Christian woman. She created a new epoch in religious thinking. All her writings are distinguished by their high moral and religious atmosphere, by their relentless logic, and by their inspiring honesty and utterance which never falters nor swerves aside from its straight path in order to compromise or propitiate.

Broadens and Elevates

"The textbook of Christian Science is Mrs. Eddy's 'Science and Health with Key to the Scriptures.' The right study of its pages, whether the reader accepts or declines its teachings, is sure to broaden, to elevate, and to purify one's horizon of thinking.

"In its brief history the Christian Science movement has shown a vital energy which has amazed the world. It has had no help from outside sources; it has confronted the relentless opposition of several institutions and businesses; it has made no appeals to the fears or excitable emotions of mankind. Its appeals are made to its indisputable array of facts, to man's highest reason and spiritual discernment, and to the confirmation found in the Bible. Thoughtful observers, outside of its followers, have been led to frequent comment on the significance of the fact that there is surely something in Christian Science which makes towards righteousness and higher citizenship in the lives and homes of its adherents.

"What is the meaning of the fact that in less than forty years the beneficiaries and followers of Christian Science are already numbered by accumulating hundreds of thousands, and to be found throughout the earth? It means that its doctrine and practice have stood the difficult test, and have been found to be dependable, and for the betterment of our race. It means that its students have found something which has proven itself to be a practical help in their lives, and which lessens their pains and sorrows and brings more light and gladness into their homes. The grateful witnesses of its healing works in the overcoming of sin and sickness are now to be found everywhere throughout the civilized earth."

NEAR THE EQUATOR.

March 28th, 1913.

Dear Sentinel Folks:

We are having a very enjoyable time in the Southern Hemisphere. Java is most wonderful. It is all covered with tropical growth, and I am so fond of that kind of scenery. The heat scarcely bothers me at all; although some of the party seem to suffer from the heat somewhat, and have not gone ashore at some of the points we touched.

Last Wednesday we took a train early in the morning to Bintenzoog, which is forty miles inland on the Island of Java. We passed through many groves of cocoanut trees, and acres and acres of terraced rice fields. Java is part of a Dutch colony and is a very rich country. It exports much coffee, sugar, rice, spices, etc.

Tomorrow we expect to land at Singapore, which is part of the English colony in the strait settlement. So far, we have seen the German colony at Tsing-tan; the English colony at Hong Kong; the United States colony at Manila, and the Dutch colony at Java.

At Bintenzoog, we spent the morning in the most wonderful tropical botanical gardens in the world. There were leaves of the pond lilies several feet in diameter, and the flowers were so beautiful. There were all shades of pinks, blues, lavenders, and indescribable colors. Then there were many kinds of orchids growing on the trees right in the open. One feels as though they were in a hot house, the air was so very warm and damp. We also saw many strange shaped flowers, and the trip was a very interesting and pleasant one.

Yesterday we were at Batavia, and there we visited a museum that had many wonderful things in it. Wonderful precious jewels, large diamonds and rubies set in the sword hilts, and topazs sapphires, emeralds and rubies, and other precious gems, were on exhibition. The throne seat was made of pure gold. These things have been found in excavating at different places on the island.

Then there is the exhibit of the weaving of baskets, mats, etc., which was very artistic. Besides the museum we visited the native quarters, and over here one thinks nothing of seeing naked children and only half clothed men and women. We also visited the fish market, and saw some beautiful fish of many colors and odd shapes.

Eulalia Richardson.

TWO SIDES TO ONE TALE.

Hearing that the Glendale Scouts were going to camp in a gulch by their scout master's house in Tropico, the Tropico Boy Scouts thought out a plan for raiding them.

The Tropico Troop was divided equally in half among the patrol leaders.

Four scouts were sent out as spies to find out the location of the other scouts and the best way to approach them.

What they saw made their mouths water. Down in the gulch the Glendale scouts were feasting and talking about things to eat. Whew! the spies could hardly keep from going down and giving the whole thing away.

Quietly; if walking on sticks and dried leaves can be called quietly the spies withdrew to report to Scout Master Goodsell.

Following the scouts' advice the scout master took the troop up Moore avenue as far as the grove.

Not knowing the land here two other spies were sent out. They came upon the Glendale Scout camp suddenly. Nearly all the boys were rolled in their blankets talking as only good scouts can.

Sneaking cautiously toward the would-be enemies were some very wide-eyed and silent boys.

When they reached the outskirts of the camp the different divisions of scouts separated so as to surround it.

At last the Glendale scouts detected something out of the ordinary but it was too late for them to do much.

Three of the invading party were caught, but with all the coats, blankets, and hats we make up for it.

Later everything that was captured was returned.

The Glendale scouts were a little peeved at first, but they gradually cooled off.

It probably will not be long before the would-be enemy will be giving us the haw, haw, for they certainly are thirsting for it.

By the Secretary.

The other side of this story will be given next week.

Certainly, women should be allowed to talk in public. Think what a relief that would be for their husbands.

"Refreshments." That means that at the "Opening Day," Thursday, May 15, of the new Jewel City Pharmacy in the New First National Bank building, in Glendale, A. S. Brunger will serve refreshments to all who call to inspect his store. Mr. Brunger leased the room in the building when it was on paper, and while waiting for its completion, he worked to plan a drug store that would be a credit to Glendale. The fixtures are substantial and show superior knowledge of what is up to date. As is customary in drug stores, there is a large soda fountain with all the accessories, including several booths for private parties. The prescription counter will be presided over by an efficient pharmaceuist. Everything will be in ship shape by Thursday and a large attendance is being prepared for.

E. L. Young, of The Emporium, calls attention his stock of gas stoves in this issue. He is agent for the Acorn stove and carries a complete line. Special stress is laid upon the advantages gained by purchasing here instead of going to the city. This is a point that calls for close consideration. The home merchant bids for your patronage through the local papers; he pays rent and taxes here; he helps to boost the town and should be patronized.

The MacDonald Transfer Co., of Glendale, are now in their new quarters at 1114 Broadway, and are ready to serve the people of Glendale and Tropico to the best of their ability. The three-ton truck makes daily visits to Los Angeles and with their corps of trained express handlers they are in a position to handle any business that comes under their notice. See their ad in this issue.

With the summer season at hand the kodak takes on a vigorous campaign. If you are not "shot" this summer you'll be "shot" at, so it behooves you to get a "shooter" yourself. The Glendale Book Store in this issue, calls your attention to kodaks and invites your patronage.

Cleaning, pressing and dyeing; prompt and satisfactory service our motto, represents the nature of the Glendale Dye Works' ad. this week. They ask for a share of the patronage of Glendale and Tropico and deserve it.

HAPPENINGS

Mr. and Mrs. F. E. Craig of Burbank spent Sunday with Mr. and Mrs. W. A. Hough of Central avenue.

Alderman Webster left the latter part of last week for the Imperial Valley, to be gone about a week or ten days.

The Masonic Lodge of Glendale and Tropico is making preparations to give a "big feed" at Griffith Park Saturday, May 31.

Geo. W. Spencer of Glendale has been appointed city engineer of Huntington Beach by the city trustees.

Engineer G. N. Adams left on Tuesday for Beaumont to look into a water proposition at that place.

Miss Lillian Ellias returned home from Stanford University, where she has just completed the first part of her Junior year.

Mr. and Mrs. B. Ellison, 223 Cerritos avenue, entertained at Sunday luncheon Mr. J. B. Jones and three daughters of Grammercy place, Los Angeles.

Mr. C. M. Burke says that the information given the Sentinel recently to the effect that he is engaged to be married to Miss Priscilla Annie Reynolds is incorrect.

Mrs. Ira L. Osmun of Randsburg, Cal., and Miss Helen Phillips of Mills Valley, are spending a few days with Mrs. Chas. H. Phillips of South San Fernando Road.

Mr. and Mrs. Wayland Brown of Gardena street, will leave for San Francisco Wednesday. Mr. Brown goes as a delegate to a convention and they expect to be gone about four days.

San Francisco is to have a Land Show from October 11 to 25. The object of the show is to bring to the attention of landless man the advantages of California's manless land.

J. J. Egan, representing Vance-Canavan Motor Car Co., distributors for the Knox fire apparatus and the Cartercar was in Tropico Tuesday. Mr. Egan is a hustler and when any one questions his machine he says he can show them that they are the "Best by Test."

Mr. Charlie McKenny recently left for a six weeks trip in and around San Francisco on business. Charley is developing into quite an insurance man, he being a field man for the Hardware Dealers' Mutual Fire Insurance Association.

The Kensington Club met at the home of Mrs. Frank B. McKenny, Eulalia street, Saturday evening. The house was beautifully decorated with a profusion of roses, and a very pleasant evening being enjoyed playing cards.

The play, "The House that Jack Built," which was given last Friday and Saturday evenings and Saturday afternoon, in the High School Auditorium, by the students under the direction of Miss Gertrude Corey Hicks, was well attended and very enjoyable.

Mrs. E. C. Gallagher of Oakland, Cal., niece of Mrs. B. Ellison, is visiting her uncle and aunt at 223 Cerritos. Mrs. Gallagher arrived Sunday coming down on the Odd Fellows train from the north.

The Fox-Woodsum Lumber Company has purchased the Independent Lumber Company, 490 West Second street. Mr. J. W. Stauffacher will remain as manager.

On July 1 Glendale postoffice is to be moved from its present location in the Anderson building on Broadway to the Joseph Engert building, 320 South Brand boulevard. About $2000 worth of improvements are to be made on the new location.

Mr. and Mrs. C. H. Coffman and daughter, Leota, joined their friends Sunday in motoring to the Newhall tunnel, where they enjoyed the day under the beautiful oaks. Their friends were: Mr. and Mrs. J. W. Calvert and sons, Paton and Jack; and Mr. and Mrs. C. L. Smith, and Mr. and Mrs. O. Goff of Azusa; Miss Gertrude Pollard of Los Angeles; Mr. and Mrs. C. D. Griffiths and daughter, Elleane, of Covina.

Mrs. J. C. Pendelton and son Paul were luncheon guests Monday of Mrs. C. H. Coffman.

Mr. and Mrs. Clyde Carmack of Central avenue, entertained the Western Indianapolis Club at a dinner Wednesday, May 7. The guests were Mr. and Mrs. Clyde Garrison and daughter, Miss Hazel, of Alhambra, and Mrs. H. J. Kendell of Glendale.

Mr. Harry Pickard, of 122 Gardena, will long remember his 33d birthday with joy and thankfulness and as renewed proof that it is good to have friends. Last Tuesday was his birthday and he expected to spend it about as the average day, but about 6 o'clock in the evening Mr. and Mrs. Henry Wagner and Mr. and Mrs. Orris Dyson and children, all of Los Angeles, drove up in a machine bringing most eatable cake and other good things to eat, as well as several presents which were appropriate and greatly appreciated. Truly 'tis well for man to dwell in peace and love with his fellow man.

Mrs. R. L. Milligan, 114 East Park avenue, entertained with a dinner party last Tuesday. Those present were Mrs. Chas. Bonham of St. Louis, Mo.; Mrs. Francis Davis of Ft. Scott, Kans.; Mrs. Theo Hurshburger of Los Angeles, and Mrs. O. M. Carpenter of Central avenue. Mr. E. P. Tresslar, an old friend of several of the ladies, "happened" to "drop it" about the dinner and was prevailed upon to partake of the many appetizingly good things the hostess had prepared. All the ladies being Christian Scientists, they positively aver that they did not "gossip" nor talk about their neighbors.

Tropico is to have a first class, up-to-date baseball team within the next few weeks. It is now being organized and they expect to be ready to cross bats with some of its opponents by the last of May or the first of June. The boys are practicing each Sunday and will be in fine shape to show those Lankershim "kids," who have been trying to get a game with the Tropico boys for sometime, a few stunts in the art. For the past month the boys have been meeting every Wednesday night in the office of the Tropico Sentinel for the purpose of organizing, and there will be a big meeting next Wednesday and they invite every one who is interested in baseball at all to attend this meeting, as they expect to have everything in running shape by that time.

The You and I Club held their picnic luncheon at Eagle Rock, Friday, May 9th, and a very good time was enjoyed by all. The next luncheon will be a progressive one, which will be from house to house of the club ladies, Friday, May 23.

While in the north Mrs. Ella W. Richardson attended a meeting of the Palo Alto Women's Club. Mrs. Richardson says this club has raised almost sufficient funds to erect their proposed new club house.

SCHOOL NOTES.

A baseball game was played Saturday on the High School grounds between Glendale and South Pasadena. The game being very good and interesting, but our school didn't come out victorious as it has been during the past season. During the game the score was very close, and at the close it was 6 to 5 in favor of South Pasadena. Glendale High School is still at the head of the league, for South Pasadena has been beaten a number of times.

Chapter A. H. of P. E. O. held its regular meeting at the home of Mrs. Carolyn Conrad on Glendale avenue, Tuesday. "Current Events" were discussed after the business meeting.

The Tropico Bridge Club met Tuesday at the home of Mrs. Leigh Bancroft, Brand boulevard. The prize, an art placque, was won by Mrs. C. M. Turck. The next meeting of the club will be Tuesday, the 20th, at the home of Mrs. O. S. Richardson, 315 South Louise street, Glendale.

Next Friday evening a dance is to be given by the Tennis teams of the High School at the K. of P. hall in Glendale.

LINEN SHOWER.

The spacious home of Miss Katherine Hobbs, on North Central avenue, was the scene of much pleasure last Wednesday afternoon, when she and Miss Mabel Evans-Hough complimented Miss Stella Miller with a "Linen Shower."

The artistic arrangement of Marie Henriette roses and beautiful foliage was very effective.

Miss Miller, who will become the charming bride of Mr. Fred Spears the latter part of June, was the recipient of many pieces of fine linen,—one that she treasured most highly was a beautiful centerpriece made by her great-grandmother in Massachusetts, who is in her eighty-ninth year.

In a musical contest, Miss May Flanders won the prize—a pretty picture.

Delicious and dainty refreshments were served by Mrs. John Hobbs, assisted by Mesdames Wm. Hough, Jos. Griffin and Andy Stevenson.

The invited guests were: Miss Elise Vance, May Flanders, Blanche Shea, Luella Moore, Esther Jones, Amy Miller, Dorothy Hobbs, Mary Evans-Hough, Mary Logan, Mabel Todd, Pauline Hamilton, Eunice Jones, Lynn McNutt, Jean McNutt; Mesdames Wm. Dutton, John Logan, Geo. Peck, Richard S. Todd, Bert Burlingham, Wm. Tiffany, Delia Hapgood and Geo. Melrose.

STARTING THEM OFF.

'Tis said that all the world "loves a lover." Be that as it may there can be no doubt but what all the world takes a fiendish delight in teasing and tormenting "newlyweds." This was exemplified last week in a very striking manner in the case of Mr. and Mrs. H. W. Dionysius.

On the 3rd H. W. Dionysius and Miss Ruth Justice, daughter of Wm. Justice, supervisor of San Diego county, were quietly married, and expected to steal a march on their friends. They had bought a home at 335 Gardena and expected to blissfully spend their honeymoon in fixing up their new home.

In some manner their friends, as is always done in such cases, learned of their marriage and their plans. With diabolic glee a crowd of them slipped out to the new home ahead of the bride and groom and decorated the house with all the old shoes, pierced hearts and lovesick sayings they could think of. When the bride and groom arrived they greeted with such signs, in flaring red letters, as "We are just married;" "We want no company;" "We are not lonesome;" "Neighbors please not call," and so on and so on. In addition to the signs was the old shoes and the rice which is supposed to be used on such occasions.

Mr. Dionysius is connected with the American Olive Co., and is a native of Missouri.

Statistics

ESTER S. BISHOP, May 5, infant daughter of H. C. and Etta Bishop, 1504 Ivy street. Forest Lawn.

JOHN MENKE, May 5, at Glendale Sanitarium. Remains shipped to Chatwood, Ill. Service at Pulliam's undertaking parlors.

DOROTHY HIBBARD, year-old daughter of F. D. and Bessie Hibbard, 2415 East Third street, Los Angeles. Services at Pulliam's, May 9. Forest Lawn.

BARNARD B. BRYANT, aged 79, residence 443 East Third street, Glendale. Grand View, May 8.

MRS. FRANCES S. WADE, aged 62, residence of her daughter, Mrs. Bertha H. Ginger, 430 South Adams. Forest Lawn, May 9.

JOHN (JACK) E. ANDERSON, age 35 years, residence 321 Everett street. Services from Pulliam's. Forest Lawn, May 12.

BENJ. F. SPRAGUE, age 62 years, at his home, 303 Howard street. Mr. Sprague had a stroke of paralysis about eighteen months ago, and had been confined to his home up to the time of his death. He was an Odd Fellow of many years, and since his sickness the Glendale Lodge of Odd Fellows have been looking after his welfare. Funeral services were held at Pulliam's undertaking parlors, 2 p. m., May 11th. Interment, Grand View cemetery.

SABENA DOWNING, at the Southern California State Hospital, aged 46 years. Funeral services were held at the Friends' church, on Glendale avenue, May 13, 2 p. m. Interment, Grand View cemetery.

GEORGE TAYLOR, 107 North Jackson avenue, age 63 years.

"The codfish," said the professor, "lays more than a million eggs."

"It is mighty lucky for the codfish that she doesn't have to cackle over every egg," said a student who came from a farm.—Indianapolis Journal.

Makes Flying Trip

Mrs. E. W. Richardson made a flying trip to Palo Alto and Boulder the past week. While gone she is reported to have purchased some very desirable acreage in the Santa Cruz mountains, about 12 miles from the "Big Basin," one of California's show places. The Richardsons will use the property as a summer home, and as such it is said to be most delightfully situated. It is understood that the Richardsons, in company with the Menzo Williams, spent a good part of last summer at this place. The property is just over the hills from Boulder and on the main line of the "good road" from Santa Cruz and Palo Alto.

The place selected by the Richardsons is surrounded by many noble old trees, led by the famous red woods of that section, and the mountain sides are covered with wild hazel, huckleberry, fern, tiger lilies and countless thousands of beautiful flowers. In the creek near the house is a "genuine swimming hole" with 16 feet of water and the sides and bottoms of the pool rock covered. The property is just across the road from the Anthony place, owned by old-time friends of the Richardsons.

NOTICE OF AWARD OF CONTRACT.

Pursuant to Statute and to the Resolution of Award of the Board of Trustees of the City of Tropico, California, adopted the 8th day of May, 1913, directing this notice, notice is hereby given that the said Board of Trustees, in open session on the first day of May, 1913, opened, examined and publicly declared all sealed proposals or bids offered for the following work, to-wit:

First.—That all that portion of the roadway of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue, including all street and alley intersections, be graded, oiled and tamped in accordance with the plan and profile on file in the office of the City Engineer, and specifications for the grading, oiling and tamping of streets on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Nine (9).

Second.—That a cement curb be constructed along each line of the roadway of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue, including returns at all street and alley intersections, in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Two (2).

Third.—That a cement sidewalk five (5) feet in width be constructed along both sides of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue, in accordance with the specifications for the construction of cement sidewalks on file in the office of the City Clerk of the City of Tropico, said specifications being numbered One (1).

SECTION 2.—That all that portion of Moore Avenue from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201, of Miscellaneous Records of Los Angeles County, California, including all street and alley intersections, be graded, oiled and tamped in accordance with the plan and profile on file in the office of the City Engineer, and specifications for the grading, oiling and tamping of streets on file in the office of the City Clerk of Tropico, said specifications being numbered Nine (9).

Second.—That a cement curb be constructed along each line of the roadway of Moore Avenue from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201, of Miscellaneous Records of Los Angeles County, California, including returns at all street and alley intersections, in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Two (2), excepting along such portions of Moore Avenue upon which a cement curb has already been constructed to the official line and grade.

Third.—That a cement sidewalk Five (5) feet in width be constructed along both sides of Boynton Street from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201, of Miscellaneous Records of Los Angeles County, California, including returns at all street intersections, in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered One (1), excepting that said sidewalk be omitted along such portions of Moore Avenue upon which a cement sidewalk five (5) feet in width has already been constructed to the official line and grade.

THE TRUSTEE'S MEETING

(Continued from page 1)

place without the payment to the company of $37.00. Mr. Myers asked if the recent decision of the Railway Commission to the effect that water companies had no right to charge for water connections had any force and effect in Tropico. The Board informed Mr. Myers that immediately upon the return of Mr. Baker, City Attorney, the matter would be taken up with him and an effort made to have the Tropico Water Company recognize the recent decision.

Mrs. Geo. Bridges, living on Mt. View avenue, delivered in person a complaint on the overflow water from Hallstead street on her property, and asked that the city replace property damaged by such overflow, which she estimated to be about 300 loads of dirt. Mrs. Bridges supported her communication by a personal statement to the effect that her property had been seriously damaged, and would continue to be damaged by the overflow water until some steps should be taken to remedy the trouble. On motion the matter was referred to the City Engineer, with instructions to investigate and report.

Dr. Mabry wanted to know if, as Health Officer, he could require the water company to maintain any specified depth of water in the reservoir. The information was vouchsafed that this was a sanitary measure, and as such came within the province of the health department, and the further information was given that Mr. Campbell, manager of the water company, stated that it was the intention of the company to fill the reservoir and to keep it full. Dr. Mabry stated that he had carefully watched the reservoir this spring and that at no time the water had been over four feet. Dr. Mabry also stated that he had requested Dr. Chase of Glendale, to co-operate with him in keeping the territory contiguous to reservoirs in a sanitary condition. Dr. Chase had kindly agreed to do so. The doctor stated that a house on Cushing avenue owned by a non-resident, had a cesspool in bad shape, and wanted to know how the non-resident owners could be made to comply with his orders, and was informed that a complaint could be issued and either the owner or his agent arrested. The doctor also called attention to the weeds of the city, and said that they were not only unsightly, but would prove to be breeding places for mosquitoes and insects this summer, and urged that some steps be taken to have all the weeds on the vacant lots cut down. Mr. Street stated that Alhambra had appealed to the county horticultural commission to spray the weeds, and that the owners of the vacant lots, rather than stand the expense of spraying them, cut the weeds down. Dr. Mabry also called attention to stagnant overflow water on Mrs. Light's lot, on Laurel avenue, and said that the water from the overflow ran into an old corral and was unsanitary, and that he had given peremptory orders to have the same stopped at once. Dr. Mabry also called attention to the fact that at present there was no ordinance covering dairies, and suggested that an ordinance be prepared that would give the health officer the right to inspect dairies on the outside of the city and to issue licenses to all dairies selling milk in the city, and where such license was not secured, to have the power to prevent the selling of milk in the city, and said that he had recently visited a dairy at the end of Acacia avenue, and while he found the dairy itself in good condition, yet a cesspool on the property was in a bad condition, and after talking with the people they had agreed to fix the same. The Board promised that such an ordinance would be prepared and passed as soon as City Attorney Baker returned.

C. D. Bennett appeared in person and asked permission to put up a tent house on Acacia avenue. It developed during the discussion that Mr. Bennett had already put up the tent house, and that some of the neighbors had complained about it. Mr. Bennett stated that the tent house was at the rear of the lot, and contended that it did not interfere with or depreciate the value of any property in the neighborhood. After the matter was discussed by the Board, on motion it was laid over until the Building Inspector could investigate the conditions and report next week. It was suggested by members of the Board that the building inspector be instructed to be more particular about issuing permits, as it was much easier to prevent the erection of undesirable buildings before the permit was issued than it was after the building was erected. Complaint was also made in regard to the portable house erected by Mrs. Normandy, on Mira Loma, and which she had promised to remove, but so far, had not done.

A GALA EVENT

Pacific Home Builders will Entertain at Angelus Park Sunday, May 18.

Public invited to not only inspect ANGELUS PARK, But to note the beauty of the Surroundings.

Another big crowd of appreciative people will enjoy the hospitality of Pacific Home Builders (the great corporation that has accomplished so much in this particular section.

Sunday, May 18th, will be "Certificate Day" at Angelus Park and that simply means that the company will give away $2000 worth of Gold Certificates, each of which will be good for its face value in the purchase of a lot in Angelus Park.

The manner in which this will be done is novel and cannot but be satisfactory, for each certificate is placed in a pretty metal casket and the hundred caskets will be buried at a slight depth from the surface of the ground on one hundred lots not sold May 18th. The guests of Pacific Home Builders will be supplied with "diggers" and the search of the treasure will be on. Special car service has been arranged for, there will be free auto rides through Griffith Park. Lunch will be served free on Angelus Park. Flags will wave and thousands of pennants flutter and the scene framed by the majestic mountains will be one long to be remembered. Angelus Park has met with ready acceptance at the hands of the discriminating public, over $125,000 in lots having been sold since Angelus Park was opened for sale February 22.

A number of Tropico and Glendale people have already invested in Angelus Park and a number will follow the good judgment of others and their own convictions touching the merit of the property by purchasing lots Sunday.

Boost for the Sentinel and it will you and yours. Let's all boost.

that serial bonds shall be issued to represent assessment of twenty-five dollars ($25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto or amendatory thereof.

And thereafter, to-wit, on the said 8th day of May, 1913, said Board of Trustees awarded the contract for said work to the lowest regular responsible bidder, to-wit, The John R. Ott Contracting Company, at the price named for said work in their proposal on file, to-wit:

Grading, per linear foot, 15 cents; oiling and tamping, per square foot, 2⅝ cents; curb, per lineal foot of cement curb, 25 cents; sidewalks, per square foot of sidewalk, 8¼ cents.

And that said award has been approved by the President of the Board of Trustees of the City of Tropico.

City Clerk's Office, City of Tropico, California, May 14th, 1913.

S. M. STREET,
City Clerk and Ex-officio Clerk of the Board of Trustees of the City of Tropico.

May 14-1t

RESOLUTION OF INTENTION No. 133

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF TROPICO DECLARING ITS INTENTION TO IMPROVE DUNBARTON STREET IN SAID CITY.

The Board of Trustees of the City of Tropico do resolve as follows:

SECTION 1—That the public interest and convenience require and it is the intention of the Board of Trustees of the City of Tropico, State of California, to order the following street work to be done in said City, to-wit:

FIRST—That all that portion of Dunbarton Street from the South line of Acacia Avenue to the North line of Moore Avenue be graded, oiled and tamped in accordance with plans and profile and specifications No. 9 for grading, oiling and tamping of streets.

SECOND—That a cement curb be constructed along each line of the roadway of Dunbarton Street from the South line of Acacia Avenue to the North line of Moore Avenue, said curb to be constructed in accordance with plans and profile and specifications No. 2 for the construction of cement curbs.

THIRD—That a cement sidewalk five (5) feet in width be constructed along both side lines of Dunbarton Street from the South line of Acacia Avenue to the North line of Moore Avenue, said sidewalk to be constructed in accordance with plans and profile and specifications No. 1 for the construction of cement sidewalks.

FOURTH—All plans and profiles referred to in this Resolution are on file in the office of the City Engineer of said City. All specifications referred to in this Resolution are on file in the office of the City Clerk of said City. Said plans, profiles and specifications are hereby referred to for a more particular description of said work and made a part hereof.

SECTION 2—The Board of Trustees of the City of Tropico determines that serial bonds shall be issued to represent assessments of twenty-five dollars ($25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto or amendatory thereof.

SECTION 3—The Tropico Interurban Sentinel, a weekly newspaper of general circulation, published and circulated in said City of Tropico, is hereby designated as the newspaper in which this Resolution of Intention, and notice of the passage thereof, shall be published in the manner and by the persons required by law.

SECTION 4—The Superintendent of Streets of said City of Tropico is hereby directed to post notices of the passage of this resolution in the manner and in the form required by law, and to cause a similar notice to be published by one insertion in said newspaper in the manner required by law.

SECTION 5—The City Clerk of said City of Tropico is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the Board of Trustees, and to cause the same to be published by two insertions in the manner required by law, in said newspaper.

Adopted and approved this 1st day of May, 1913.

C. A. BANCROFT,
President of the Board of Trustees of the City of Tropico.

(SEAL)

ATTEST:
S. M. STREET,
City Clerk of the City of Tropico.

STATE OF CALIFORNIA,
City of Tropico.
ss.

I, S. M. Street, City Clerk of the City of Tropico, do hereby certify that the foregoing resolution was duly adopted by the Board of Trustees of the City of Tropico, State of California, and signed by the President of said Board at a regular meeting thereof, held on the 1st day of May, 1913, and that the same was passed by the following vote, to-wit:

Ayes: Bancroft, Conrad, Hobbs, Oliver, Webster.
Noes: None.
Absent: None.

S. M. STREET,
City Clerk of the City of Tropico.
